### DANIELSON

Deputy Jailer D. C. Park Shot at During Storm—Semi-Annual Meeting of County Medical Association—Prize Money Received by Firemen.

Nathan D. Prince was a visitor in Boston Thursday.

H. E. Shaw of Webster was in Danielson Thursday on a business trip.

Rev. F. J. Marsh of Upton, Mass., is visiting for a few days with friends in Danielson.

Mrs. M. Woodworth and Miss Elizabeth Woodworth left Denver, Col., Thursday, en route to Santa Rosa, Cal., in which state they are to spend the winter.

### Money Refunded.

Money for the tickets that they wanted but didn't get is coming back from New York to Danielson fans.

Danase Boulias was in Boston on a business trip Thursday.

### Prize Awards Received.

Prize money won in the firemen's muster contests at Putnam a week ago has been received by the local fire department.

Henry F. Clarke leaves Monday morning for Los Angeles, going from Chicago over the Santa Fe route. He will be away until early summer.

### Cut by Axe.

George Weaver of the West Side has a badly injured foot, which he cut with an axe while working in the woods. He suffered a considerable loss of blood and for a time was in a serious condition.

### Improved Telephone Service.

New desk-set telephones were being distributed and installed by employees of the S. N. E. Telephone Co. on Thursday. The instruments are very much like the ones that are being taken out as far as appearances go, but are of a kind to give an improved service.

The quantity of rain that fell during Wednesday and Wednesday night added visible amounts to the supply in rivers and wells through all this section of the county, where there has been some shortage of water for several months.

### Required Slight Operation.

The injury to the knee of Attorney W. F. Woodward, who was hurt while practicing with Minnetext hose company, proves somewhat more serious than at first supposed, and a slight operation has been performed to relieve a condition that was troublesome. Attorney Woodward will be confined to his home for some time.

Several parties have inspected the Logee bakery at the corner of Main and Hutchinson streets, this week.

J. E. Logee of Providence, formerly of Danielson, is spending the week in town.

### Less Building This Season.

A review of the building operations in Killingly for ten months of 1911 shows that the investment in new structures will be smaller this year than for several years past. The construction of the Orpheum theater heads the list of more important buildings.

### All Connecticut Teams Out.

All Connecticut teams are out of the proposed league of basketball teams. This finally being settled, it is probable that Danielson and Putnam teams will play independent ball during the coming season and in all probability have as much fun and make as much money, if not more, than they would if they were within an organization.

### Dr. Hallock's Famous Remedies.

60 years of cures.

ELVITA PILLS strengthens the nerves, enriches the blood and invigorates the whole system. \$1.00.

which will now be confined to Massachusetts.

### SHOT AT DEPUTY JAILER.

Dewitt C. Park Fired at During Storm of Wednesday Night.

Dewitt C. Park, deputy jailer at the Windham county jail in Brooklyn, was shot at by some unknown person being hit while he stood on the veranda at the institution Wednesday night. Mr. Park had gone out to arrange the screen door. It was storming at the time and as he stood there he probably made a good target for the wretch who fired the shot and who was probably in hiding at the time behind a row of hydrangea bushes a short distance from the building. The sound of the weapon as it discharged would indicate that it was equipped with a Maxim silencer. The bullet crashed through a window close by where Mr. Park stood, then took an upward course to the ceiling, where it struck, but could not be found.

A search for the would-be assassin was at once commenced, but no clue of value could be found, and it was difficult to carry on the search with any hope of success on account of the storm. A woman, however, told the jail officials that she had seen a man in the direction of the institution at about the time the shot was fired. There was an idea at first that the bullet might have been a spent one from a rifle that some resident of the village used, but inquiry demonstrated that this was not the case; no one had been out for pleasure with their guns, on account of the storm. One theory is that the shooting may have been done by some one who has been a prisoner at the jail and is harboring a grudge.

The annual meeting of the board of management and committee of visitors of the Windham county temporary home for children in the Sawyer district was held at the institution Thursday when representatives from nearly every town in the county were present to hear the reports of a year's work and of all the good that has been done. Most of the visitors, numbering about 80 and including the county commissioners, arrived in Putnam on the 10:30 train and were taken in conveyances to the home.

The business meeting was called to order at 12 o'clock by County Commissioner E. H. Cortis of Thompson. Those reporting for the various towns follow: Mrs. Anna Wright, Ashford; Mrs. Clarence A. Potter, Groton; Mrs. Charles S. Hyde, Putnam; Mrs. Turner, Sterling; Mrs. Preston B. Sibley, Killingly; Mrs. Charlotte Hopkins, Putnam; Mrs. George Loring, Mrs. E. H. Lillbridge, Plainfield; Mrs. Emma C. Brown, Scotland; Mrs. M. D. ### State Officers Speak.

Mrs. A. Mitchell, Norwich, member of the state board of charities, was present and during the course of remarks complimented the members of the board of visitors on the excellent work they had done voluntarily. Charles Keellogg, Waterbury, also of the state board of charities, during the course of his talk mentioned that there are now 1,448 children in the waiting list of the state. He asked

the aid of the Windham county women in carrying on the state work.

### Visitors Dined.

An excellent dinner was served the gathering and this was followed by a social hour, which rounded out an interesting day.

### SUPERIOR COURT

Laparie and Brassard Given Jail Sentences—Ernest M. Arnold on Stand in Case Brought by Holbrook, Trustee.

Judge Edwin B. Gager missed a train at New Haven Thursday, so opening of the session of the superior court was delayed from 10:30 until 2 o'clock. The first matters disposed of were the cases against Eugene Laparie and Fred Brassard, Putnam, young men who some time since pleaded guilty in the city court to rape on the person of Agnes Logan, since committed to the state school for girls. They were allowed to change their plea of guilty of rape to guilty of a less serious charge and each received a sentence of 30 days in the county jail at Brooklyn.

During the afternoon the case of George F. Holbrook, trustee, vs. F. P. Russell, was commenced. Ernest M. Arnold, who gave to Attorney Russell the mortgages the validity of which is now disputed, was on the stand and a principal witness of the afternoon. The case, which is similar to several others brought by Mr. Holbrook, and tried or to be tried here, was not completed when court was adjourned for the day and will be resumed today (Friday).

This (Friday) morning at 10:30 a grand jury will sit in the superior court to pass on the evidence that tends to implicate Randolph Brissette, of Andover, in the murder of New Boston, now in Brooklyn jail, on the charge of murder.

### HOSPITAL STAFF.

House Officials Announced for the Ensuing Year.

Following are named as house officers at the Day-Kimball hospital for the ensuing year: Consulting physicians: Dr. Rensselaer Robinson, Danielson; Dr. Omer Larue, Putnam; Dr. W. H. Todd, Danielson; Dr. R. P. Psyche Webster.

Pleasing Bill at Bradley Theater.

Gertie Leclair and her quartette of pianinists put on a regular romp of a vaudeville act at the Bradley theater at Thursday's shows, and they made very much of a hit. A stage full of flying "picks," doing pinwheels, side twisters and about everything else on the act's program, as well as incidents to their rag time dancing found great favor.

After Football Tickets.

The strategists who want tickets for the big football games are at work and about every Yale or Harvard man in the city has been seen relative to getting the coveted pasteboards. Putnam will be well represented at the Yale-Harvard and Yale-Princeton games this year.

### At Danielson Meeting.

Dr. E. F. Perry, Dr. J. B. Kent and Dr. M. J. Bullard, the local physicians at the meeting of the county

medical association in Danielson on Thursday.

James Cray, who lives in the south end of Griswold, was shinking of taking out a hunter's license, but finds it unnecessary, as his big Angora cat Nixie does all the hunting, without a license, too.

One day last week he caught a rabbit and a full grown quail. The quail Mrs. Cray took from the cat and with a little nursing it was soon able to fly away again.

### FUNERAL.

Mrs. Peter Olsen.

The funeral services of Mrs. Mary Olsen were held from St. Mary's church, Thursday morning, requiem high mass being celebrated by Rev. E. M. Hayes. Burial was in St. Mary's cemetery. The bearers were Edward Gallagher, George Bryant, Henry Laparie and James Brennan.

Mrs. Olsen was born in County Tipperary, Ireland and lived in this country 56 years. She married Peter Olsen of New Haven in 1856. Mary was a civil war veteran and died in 1893 in Montville. She has lived in this vicinity 15 years, and died at the home of her son, Lawrence, in Sylvanville. She has been an invalid for five years, and died after an illness of seven weeks. She is survived by five sons, Edward, of Central Falls, R. I.; James of Southbridge, Mass.; Peter, Lawrence and Frederick of this place.

Waterbury—John McElligott is having a coal pocket built with a capacity of 3,000 tons.

### The Care of the Bathroom Closet

In the bathroom the closet requires constant attention and frequent thorough scrubbing. Rinse the seat and flush freely. Put into the bowl of the closet a handful of Gold Dust washing powder and let the solution stand for some time. Then take an old broom and scrub all the parts that can be reached, especially into the traps as far as possible. Flush again, and add more of the washing powder and wash under the flushing rim and all parts inside and out. Stains of iron from the water if not removed by the scouring, may be removed with a few drops of hydrochloric acid.

# Why Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: *First*—The indisputable evidence that it is harmless: *Second*—That it not only allays stomach pains and quiets the nerves, but assimilates the food: *Third*—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—*Hall's Journal of Health.*

## Letters from Prominent Physicians Addressed to Chas. H. Fletcher.

Dr. W. L. Leister, of Rogers, Ark., says: "As a practicing physician I use Castoria and like it very much."

Dr. W. T. Seeley, of Amity, N. Y., says: "I have used your Castoria for several years in my practice and have found it a safe and reliable remedy."

Dr. Raymond M. Everts, of Santa Ynez, Cal., says: "After using your Castoria for children for years it annoys me greatly to have an ignorant druggist substitute something else, especially to the patient's disadvantage, as in this case. I enclose herewith the wrapper of the imitation."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

Dr. W. F. Wallace, of Bradford, N. H., says: "I use your Castoria in my practice, and in my family."

Dr. Wm. I. McCann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine and aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."

Dr. Howard James, of New York, City, says: "It is with great pleasure that I desire to testify to the medicinal virtue of your Castoria. I have used it with marked benefit in the case of my own daughter, and have obtained excellent results from its administration to other children in my practice."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "You Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Channing H. Cook, of Saint Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative I consider it the peer of anything that I ever prescribed."

Dr. L. O. Morgan, of So. Amboy, N. J., says: "I prescribe your Castoria every day for children who are suffering from constipation, with better effect than I receive from any other combination of drugs."

Dr. H. J. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. Wm. L. Bosserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family."

Dr. F. H. Kyle, of St. Paul, Minn., says: "It affords me pleasure to add my name to the long list of those who have used and now endorse your Castoria. The fact of the ingredients being known through the printing of the formula on the wrapper is one good and sufficient reason for the recommendation of any physician. I know of its good qualities and recommend it cheerfully."
